

Quick Mango

KNOW-HOW

AUSTRALIAN
MANGOES

CARING FOR MANGOES IN STORE

LOCATION

- Display in visible, easy to reach locations
- Their aroma and vibrant colours will naturally draw customers in

HANDLE WITH CARE

- Display mangoes in their trays with all fruit facing the same way, stem end down, beak up
- To prevent **compression damage**, only stack full trays two high

MERCHANDISING

- Use empty trays to create displays at easy-to-reach heights
- **Only stack full trays two high**

KEEP DISPLAYS FULL

- Top up trays with the same variety and rotate every time
- Well stocked displays ensure availability for customers

NEVER REFRIGERATE

- Mangoes must be kept above 12°C, cold temperatures can cause chill damage
